

## CAPABILITY STATEMENT

# PROJECT SERVICES

ESTIMATING • PROJECT MANAGEMENT • TECHNICAL ADVISORY

AMP'D Services Group provides specialist project services for commercial, industrial and facility management clients across South East Queensland.

With more than 23 years of electrical industry experience and over 15 years managing projects, estimating and delivering commercial works, we provide practical project leadership that helps contractors and asset owners deliver projects safely, efficiently and on budget.

### Quality service guaranteed

AMP'D Services Group provides:

- Professional estimating services for tenders and budget planning.
- Experienced project management from concept through to completion.
- Independent technical advice backed by extensive electrical expertise.
- Reliable communication and transparent project reporting.
- Proven capability supporting contractors, facility managers and commercial clients.

### Experience you can count on

With over 23 years in the electrical industry, AMP'D understands projects from both a technical and commercial perspective.

- 15+ years preparing estimates and managing commercial projects.
- Extensive experience supporting electrical contractors and facility managers.
- Strong understanding of commercial construction and maintenance environments.
- Trusted relationships with suppliers and specialist subcontractors.
- Proven ability to integrate seamlessly into existing project teams.
